Vehicles must be completely free of snow and ice before starting a journey.

GETTING THROUGH WINTER SAFELY.

With the HYMER-ARCTICA stationary de-icing platform.

YOUR TRUCK ROOF – JUST AN ARM’S LENGTH AWAY.

Winter is coming. Along with it comes the obligation to remove ice and snow from trucks, trailers and buses before they start their journey. Ice slabs on the tarpaulins and box bodies can slide off a vehicle during the journey and seriously endanger the traffic behind.

HYMER-ARCTICA is a robust platform for performing de-icing work safely at height, even on cold and wet days.

Effective: You can remove ice from two road trains at the same time because there are no side stabilisers.

Flexible: Platform extendable in steps of 2 metres.

Safe: Visible even in the dark thanks to reflectors. Grating with R12 slip resistance and self-closing access doors.

Steady: Solid, galvanised base plates (available as accessory) make attachment to the ground unnecessary.

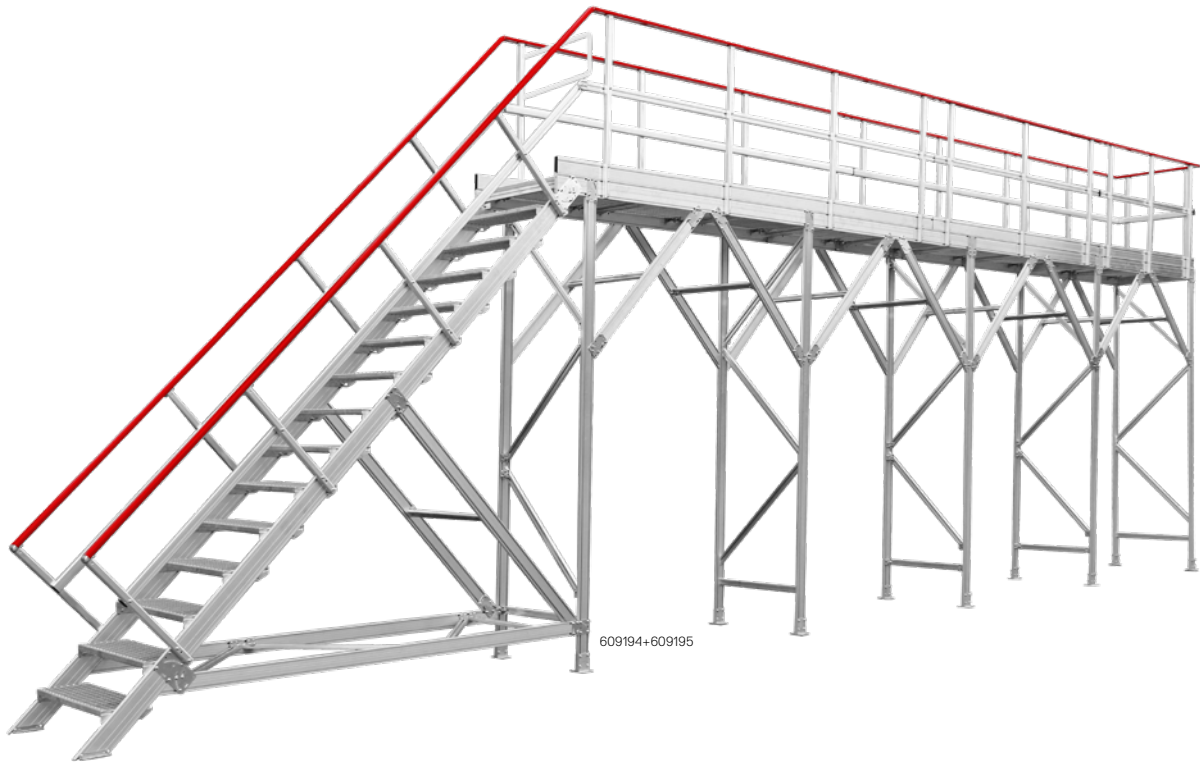

Cost-effective: HYMER-ARCTICA can be used all year round for activities such as cleaning, repairs and maintenance work.

Time-saving: Simple and quick to set up thanks to prefabricated modules for self-assembly. Alternatively, our assembly team can build the platform for you on site.

HYMER-ARCTICA DE-ICING PLATFORM.

609194+609195

Description	Base, short	Base, long	Extension
Platform length (approx. mm)	5,000	7,000	each 2,000
Platform width (approx. mm)	800	800	800
Basic construction	Aluminium		
Platform floor covering	Galvanised steel grating		
Anti-slip	Class R12		
Stairway angle	45°		
Tread depth (approx. mm)	270	270	270
Standing height platform (approx. mm)	3,200	3,200	3,200
Weight (approx. kg)	423.0	546.0	123.0
Permissible load per step/total (kg)	150/300	150/300	150/300
Incl. ice/snow scraper with holder	yes	yes	no
Order no.	609193	609194	609195

+ Free:

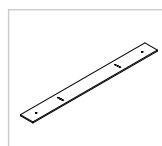

high-quality, telescopic snow and ice scraper with holder incl.

Recommended accessories:

Ice/snow scraper

- Remove ice and snow from trucks quickly and easily using the high-quality telescopic scraper. Rubber edge prevents damage to the tarpaulin.
- Order no. 609196

Base plate for platform and stairs

- Solid, galvanised base plates (available as accessory) make fastening to the ground unnecessary.
- Order no. 609197
