# WORKING PLATFORMS FOR TRUCKS & OTHERS

## Efficiency and safety are mandatory

Repairs and maintenance of trucks, commercial vehicles, buses and trailers is cost-intensive and time-consuming. All the more important that aids such as working platforms make the necessary work as easy as possible. HYMER offers stairs, working and maintenance platforms for the vehicle industry that not only reduce rest periods to a minimum, but also offer maximum efficiency and work safety.

Discover our bestsellers in the vehicle industry.

### Online-Configurator

The HYMER online configurator allows you to configure customised access solutions quickly and effortlessly. The online configurator checks all the provided information for compliance with standards. This means you can rest assured that your project will meet all requirements set out by the applicable standard.
